

Ms. Balderama-

Your letter of October 31, 2006 to Mr. Perry, indicated that contributions given to the Bartlett for Congress Committee by the General Dynamics Voluntary Political Contribution Plan exceeded the allowable limits. Upon investigation, it has been determined that our office made a mistake when entering the \$5,000 contribution received on 9/30/06. We retain photo copies of all checks given to the campaign and the memo line of this check (number 0312) states the contribution is for the 2006 US General Election.

An amendment to the October Quarterly Report has been filed and had been assigned the following id: FEDC-265752. Subsequent amendmetns to the 12 day pre-general and the 30 day post general reports as well.

If you require a copy of the check as proof of the correction, please do not hesitate to contact us and we will make sure it is provided for you.

Thank you.
